

Reefer Trucks

Reliable Temperature-Controlled Transportation Solutions

Ensure Freshness. Deliver Quality. Anywhere. Anytime.

At **The Green Box**, we specialize in high-performance Reefer Trucks designed for the safe and efficient transport of perishable goods across long distances. Our Reefer Trucks can be supplied with standard or Client specified Refrigeration units. Our Reefer Trucks provide unmatched reliability in maintaining the perfect temperature for sensitive cargo.

Why Choose The Green Box ?

-  40+ years of refrigeration expertise
-  Pan-India service and support
-  Custom-engineered solutions
-  Energy-efficient refrigeration units
-  Tailor-made body designs
-  Competitive pricing
-  Quick delivery timelines

Key Features:

- ▶ Advanced Temperature Range: -25C to +25'C (for frozen, chilled, and ambient goods).
- ▶ High-Performance Insulation Panels for superior efficiency
- ▶ Flexible Capacities: 1 ton to 10 ton
- ▶ Multiple Configurations: Eutectic, Battery-Operated, Diesel-Driven, Vehicle-Powered
- ▶ GPS & Real-Time Monitoring: Track location and temperature (optional).
- ▶ Customizable Body Designs: Single/Dual temperature zones, partition walls, load optimization
- ▶ Low Maintenance & Durability for rough road conditions

Applications:

- ▶ Dairy & Ice Cream
- ▶ Pharmaceuticals & Vaccines
- ▶ Frozen Foods
- ▶ Meat, Poultry, Seafood & Offals
- ▶ Fresh Fruits & Vegetables
- ▶ Floral Products
- ▶ And much more
