

Reliable Temperature-Controlled Transport Solutions

Overview:

Engineered for efficient, safe, and flexible transportation of temperature-sensitive goods, our **TDU Vehicles** ensure your products remain at the desired temperature throughout transit. Ideal for modern logistics, they combine performance, durability, and customization.

Key Features:

- ▶ Precise Temperature Control
- ▶ Energy-Efficient Operation
- ▶ Durable Build
- ▶ Flexible Capacity & Models
 - Available in 2, 4, 7, and 11-door models
 - Fully customizable layouts for specialized requirements
- ▶ Easy Maintenance

Applications:

- ▶ Cold chain logistics
- ▶ Food and beverage transportation
- ▶ Pharmaceutical and healthcare product delivery
- ▶ Industrial chemicals and temperature-sensitive materials

Why Choose Our TDU Vehicles?

- ▶ Reliable performance in all weather and road conditions
- ▶ Long-lasting insulation and efficient refrigeration units
- ▶ Customizable layouts to match your exact transport needs
- ▶ Supported by a nationwide service network

Model Options at a Glance		Key Advantage
TDU-2	2 Doors	Compact, Ideal for Small Loads
TDU-4	4 Doors	Balanced capacity for medium loads
TDU-7	7 Doors	Large load, Multi-compartment
TDU-11	11 Doors	Maximum capacity with customized
Customized	As per requirement	Tailored layouts for specialized cargo

Ensure your products reach their destination in perfect condition with our TDU Vehicles – multiple models, fully customizable, and designed for reliability.

OUR PRODUCTS

- Cold Rooms
- Cold Storages
- Blast Freezers & Chillers
- Bulk Milk Chillers
- Curd Incubation Chambers
- Proofing Chambers
- Fruit Ripening Chambers
- Refrigeration De-humidification systems
- IQF (Spiral & Tunnel)
- Ice Flake and Ice Cube Machines
- Environmental Test Chambers
- TDU (Tertiary Distribution Unit)
- Reefer Trucks
- Rapid Rate Thermal Cycling Chambers
- ESS Chambers for Temperature, RH & Altitude
- Stability Chambers
- Humidity Chambers
- BOD Incubators
- Co2 Incubators
- Photo stability Chambers
- Low & Ultra Low Temperature Freezers
- Freezers (-20 Deg C to -180 Deg C)
- IOT Enabled Eye Box
- High Efficiency Refrigeration Based Temperature and Low RH Maintenance Systems
